## RABQSA Announces Opportunity for IRCA Auditors to gain immediate certification with RABQSA

**Milwaukee, Seoul and Sydney:** Today RABQSA International, Inc (RABQSA) announced an opportunity for management system auditors certified by the International Register of Certificated Auditors (IRCA) to have their auditor certification formally recognized by RABQSA through a simple Transition Process.

This unique opportunity became possible following the conduct of a comprehensive equivalence exercise between IRCA and RABQSA certification requirements. The Transition Process is simple and will allow for IRCA certified auditors to be certified by RABQSA in a very short time.

“RABQSA is very pleased to offer our colleagues currently certified with IRCA, to seek RABQSA certification, particularly in the European, North Asia and Asia Pacific markets,” stated Michael K. Carmody, RABQSA President and CEO. “Whether you wish to transition directly from IRCA to RABQSA certification or, based on your professional needs, intend to establish dual certification, this initiative will provide you with increased recognition and professional status”, says Carmody

RABQSA’s Principal Offices located in Milwaukee, Seoul and Sydney will facilitate the Transition Process. Interested IRCA-certified auditors should complete the form “Transition to RABQSA Schemes Application Form” available at [http://www.rabqsa.com/cp\\_trans.html](http://www.rabqsa.com/cp_trans.html) and follow the steps for submission.
